Narrative

This report is to amend to a previous report made which may include gang stocking. Crypto.com, has been reported to the OSC for theft of my crypto currency which has been linked through crypto exchanges operating fraudulently and in connection to a foreign organization which may be defrauding the Canadian public. Crypto.com exchange has stolen currency from my account, which has been linked to the company who has defrauded me, and many other Canadians out of large sums of money. This organization may be working in cooperation with others who may be operating alongside, and within agencies collaborating to gang stock the general public.

Occurrence Description

For full details, the OSC, and RCMP can be contacted in regard to the existing case. This report is my due diligence to notify all authorities of the outstanding matters of theft from Canadians foreign and domestic, in what I am claiming could be a domestic, and foreign terrorist organization.

Thank you,
Mark Lepore
